August 31, 2017

Dear Amityville Memorial High School Families,

I am writing to remind about some important changes occurring at the high school. As you know, our hours have changed. The school day now begins at 7:20 and ends at 1:54. Remember to consult the transportation information enclosed in your summer mailing for exact pick-up and drop off times.

In addition, we are excited to share with you information about our new Study Center initiative. Research tells us that students are most successful in high school when they can balance time spent on academics and sports with time spent in clubs and activities. Study Center provides students that time and opportunity. Study Center occurs daily from 2:15-3:00 p.m. During this time, students can choose to do one of the following: go to extra-help with their classroom teachers and work on class specific projects; go to a core subject teacher to receive academic support or have questions answered; go to a peer tutoring session with a classmate or National Honor Society student; or attend a club or activity. Students choosing not to engage in one of these opportunities can choose to go home.

We are committed, as a high school, to meeting our students' academic and athletic needs as well as allowing them to take part in as many of our clubs and activities as they choose so that they leave us well-rounded young adults and, hopefully, with some insight as to what careers they would like to pursue.

I look forward to watching them grow into successful members of this community.

Sincerely,

Maria T. Andreotti
Principal
Amityville Memorial High School
