COMMUNITY INPUT ON NON-AGENDA ITEMS

Madeline Quintyne McConney addressed the importance of the Superintendent Search not be suspended. It had been promised and spoken about in previous meetings and it is necessary to have permanent staff in the Administration ranks.

Michael McDonald asked about the committee on Diversity with the students, what is the Diversity in the professional staff. He was advised he could have this information through a FOIL request.

Patricia Hobson expressed her concern with the strides she has seen and moving forward, tonight is a let down regarding the committee(s). Also expressed her disappointment in the announcement of suspending the Superintendent search. While Dr. Fale has done an amazing job and the improvements are appreciated, delaying this search is delaying the progress.

Eileen Becker, the District Clerk, read an email from D. Sham regarding remote learning, contact tracing and the students wearing masks all day. The District responded home instruction is provided to students who are quarantined are provided with remote instruction from their classroom teachers or iTutor an online certified teaching service. Students who are home sick are provided with home tutors. Regarding contact tracing we follow the guidelines provided to the school districts from the Suffolk County Department of Health. Regarding loss of oxygen to masked students, to date there is no evidence that the students' breathing are harmed in anyway. The health, safety and welfare of our students and staff are our number one priority.
